Pandeiro!: The Philosophy of... Daniel Allen
A celebration of the Pandeiro!

A ‘Philosophy’ book about the ‘how’s and why’s’ of playing pandeiro – the reasons and thinking behind playing… I was the type of student who was always driving my teachers crazy asking them, ‘but, why…?’ This book helps to answer all those questions about the pandeiro - and more!

For new and experienced players alike… celebrate all things pandeiro! Explore alternate and creative ways of playing… hear from inspiring and revolutionary players… discover about new innovative instruments and luthiers… how to customize your own… or build a silent practice one!

180 pages, printed in full-color, with interviews from 75 pandeiro performers, luthiers, and companies (…plus great photos and art from 60 painters and photographers) from all over the world…

20 chapters on topics such as playing techniques, (incl. traditional, modern, balanced, open and other styles…) with more than 6 different ways to hold a pandeiro (so you find the right one and avoid developing ‘playing pain’) as well as ‘how to practice’… plus several ways to do a ‘roll’ on a pandeiro, and spin a pandeiro… styles of music and how to find the samba ‘swing’, plus mic’ing a pandeiro, DVD and book reviews and many other resources…

I hope you enjoy reading it as much as I have writing it!

Thanks to all the amazing people in this book - it has been a sincere pleasure working with you and a privilege to get to know you!
