Shades of Lust and Pain

Shades of Lust and Pain
Photographer Uwe Dupke believes that honest and passionate images can only be created if the models are fully integrated into the design process. In addition to the selection of area and location, this also includes the choice of outfits and makeup. A new trend has emerged, as 50 percent of models want to be in fetish and bondage shots. Together with the models, various fetish clubs, bondage apartments, special hotels, and swinger clubs are then selected together as locations. The job of the photographer is to capture the erotic fantasies of the models, as well as any developments that happen spontaneously during the session itself. This procedure means that at the beginning of a session, it is often unclear which technology is going to be used. As a rule, the 60 megapixel Hasselblad is used for medium format shots, and for a rapid series of exposures, Canon’s professional cameras. For pronounced lighting effects, Uwe Dupke always uses a gallows. Fetishism: is this fantasy or reality? Wow! This is exciting, sweaty, sexy photography!
