Completely revised and updated, the new 4th Edition of Choe's Urology Oral Board Self-Assessment will be available January 2, 2017.

Under the leadership of Lawrence L. Yeung, MD, with contributions from 27 leading urologists, Choe's Urology contains the most up-to-date content to prepare candidates for the oral exam and to teach residents during their training.

Whether preparing to take the American Board of Urology oral exam or using clinical cases to highlight important diagnosis and treatment issues, Choe's Urology is the proven resource for learning and retention.

The fourth edition includes 95 updated new cases in over 450 pages with systematic analysis to help you prepare for the Oral Board. Cases are presented in a similar style to the actual oral examination format.

You benefit by reviewing the full range of cases prepared in a responsive format for most effective learning.

Particularly helpful to urologists using Choe's is the structure of the cases. Study points use effective prompts to elicit key information in a logical way. Each prompt is followed by a detailed response in easy-to-retain outline format. For example, urologists answer:

» How does the condition present?

» How does the condition originate?

» What lab tests are appropriate?

» What are the treatment recommendations?

» What are the systemic symptoms?

» What surgical techniques do you use?

» What are the complications?

» What is your follow-up?

Here is what other urologists are saying about Choe's Urology Oral Board Self-Assessment:
