"Among the ideas bulging from this classic work: performance exemplars, potential for improving performance, behavior-accomplishment distinction, performance matrix, ACORN troubleshooting test, performance audits, states, Worth = Value - Cost, knowledge maps, mediators, and job aids. The great accomplishments Gilbert left behind will continue to profit behavior analysis and performance improvement for a long, long time." --Ogden Lindsley, Behavior Research Company

"Human Competence stands not only as a tribute to Tom's genius, but also as the best single source of ideas about performance technology. It is a 'must have' for anyone serious about changing the performance of individuals or organizations." --Dick Lincoln, Centers for Disease Control
