Asylums are for the insane, a place where outcasts live and die, where rule-breakers are broken. Strange inhabitants live in secrecy behind locked doors. Lips never speak of what's seen or heard. Unlike the others, The House has one secret it shares with special occupants. Those admitted for transgressions of the flesh are embraced, their curiosity welcomed, their behaviors rewarded. Roles of domination and submission are taught with equal vigor, and those who leave emerge whole and stronger than ever. Rose discovers this truth when she's sent to The House for the treatment of her erotomania. In a time where modesty and prudence are revered, the experience shatters tradition, leaving her with forbidden knowledge few women possess. When she finds herself in the arms of a formidable lover, the gauntlet is thrown, and power unleashes power.

Warning: This story contains scenes that may not be suitable for those with more sensitive tastes. Scenes are filled with unique situations not normally presented in novels of this kind.
