**Cowboy Boots The Art and Sole** Jennifer June
Jennifer June, a custom cowboy boot maker, takes the reader through the diverse history of the boot, from the early days prior to 1930 to the modern twists on traditional styles popular a century down the line. She looks in detail at the motifs and metaphors that ornament the cowboy boot, from the artistic traditions of Texas boot makers to the symbolism in stitchings of flora and fauna, and examines the different styles, shapes, and materials of boots through the ages. Featuring insights and testimonials from custom cowboy boot makers and obsessive buyers alike, the book also features a section on how to design your own individual boot. Cowboy boots are the most emblematic of American fashion icons, repositories of western tradition and symbols of the strength and endurance of true American style. In recent times, cowboy boots have become permanent fixtures of the fashion world and of Hollywood westerns. Beautifully illustrated with photographs of boots, boot makers, and cowboy fashionistas, this book presents the definitive perspective on the changing roles and various styles of the most enduring American footwear.
