Model Code of Safe Practice in the Petroleum Industry: Drilling and Production Safety Code for Offshore Operations Pt. 8 Institute of Petroleum (IP)
This Safety Code forms Part 8 of the "Model Code of Safe Practice" in the petroleum industry and is for use on a worldwide basis as a guide on safe practice by those concerned with drilling and production operations for oil and gas in offshore areas. It has been developed to provide information and guidelines, and draws attention to the main subjects and support activities with their specific involvements in operations, which have impact on safety and require detailed consideration. The Code has been formulated with the aim that it will also serve as a useful document for informing those involved in support services as well as in drilling or production operations, stressing the impact of their activities on safety and the importance of maintaining good interface communication.
