The Lost Books of the Bible: The Real Apocrypha Patrick Cooke
The books of the Apocrypha were part of the Bible until the late 1800's and their true place in scripture is not only virtually unknown to the entire Christian world, but an intellectual and spiritual subterfuge. One of the best kept theological secrets is that the Bible used by the modern Protestant Church is not the original King James Bible, only half of the original Books of the Apocrypha are in the Catholic Bible, and the Apocrypha fills a 400 year chronological gap missing from that Bible. The Real Apocrypha reveals the true history of those books and their presence throughout the historical record of the Christian church, and includes the text of those books, in their entirety. The missing translator's documents, originally in the King James Bible, and an extensive comparison of the Apocryphal books to the current scriptures in the Bible are also included.
