This book is for brand new traders interested in Forex day trading who have zero experience; it explains things in general terms so the new beginner can understand. I have written clearly so everyone new, no matter what level can gain something. If you are an intermediate or experienced trader already trading Forex day trading live successfully and making real money in the live markets I encourage you to keep doing what you are doing that is working for you and making you money this book will might be a little elementary and basic you. If you are new though don’t make this the 10th book you read make it the first. The information in this book is priceless and worth its weight in gold to someone who is brand new to Forex day trading and is just starting to look for information on what to study to become consistently profitable on a daily basis. If you really are looking to enter Forex day trading then you must start with this book. It is all about learning to do this business the right way the first time so as not to lose too much of your hard earned money while doing so. This book is aimed at taking someone who is interested in the Forex day trading world, teaching them the important principles they need to know, showing them the technologies they will need, and giving them encouragement guidance, and cautions that will launch them on their way. For anyone just beginning with Forex day trading this book is for you. Aspiring Forex day traders who want a better grasp of the fundamental first things a brand new trader needs to know to make money in the live markets right away, or anyone who just wants a better understanding of global finance. The beautiful thing about day trading Forex is that anyone can learn it and you can make money doing it perhaps a lot of it! I recommend learning the basics and then going right into the live market and trading real money on a micro Forex account in order to get the experience of it both good and bad. If you make a mistake the money lost is not that much and you will learn valuable lessons as what not to do the next time. Demo accounts are good to learn your chosen platform and that’s it. All experience needed to make real money is gained in the live markets using real money. On demo you are not trading against anyone other than yourself and the orders are not transmitted to a live market. Just remember that. Wishing you a profitable day! Christo Ricardo
