Mystical Element of Religion: Volume I. Introduction and Biographies

Friedrich von Hugel

Mystical Element of Religion: Volume I. Introduction and Biographies Friedrich von Hugel
Friedrich von Huegel's Mystical Element of Religion remains the authoritative study of the spirituality of Catherine of Genoa. First published in 1908, this seminal work develops the author's major theory of the three basic elements of religion, institutional, intellectual and mystical. Von Hagel shows how Catherine's mysticism relates to her life and thought, making his comprehensive and masterly two-volume analysis a classic in the study of Western mysticism.
