(Hey, Computer Guys--it can be downloaded to registered Kindle emulators and apps, too!!)

Thoughtful. Funny. Informative. Deep. Surprising. Beautifully written. Unique.

This book has changed lives.

It hasn't been available in stores for years.

Paperback versions of the first edition have sold for upwards of $200.

And now, finally, this rare treasure is available again in its only very slightly abridged 2nd edition, first emerging as a delightful e-version for the Kindle.

OK, yeah, the skeleton upon which the flesh of the book hangs is a unique activity called Professional Game Audio. BUT THIS IS NOT A BOOK ABOUT GAME AUDIO!! It is a humorous, insightful, philosophical "how to think" book, whose premise is that if we understand any one thing thoroughly (say, "game audio" for instance), we can understand the essence of anything.

"Legendary Game Audio Guru" George "The Fat Man" Sanger takes the reader through the story of his life, his career, his businesses, his friendships, and his music, but always with an eye to the Greater Good: "What lessons can we _all_ learn by paying attention to this crazy stuff that is happening to us all the time?"
