Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation)

Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation)
These contributions, written by the foremost international researchers and practitioners of Genetic Programming (GP), explore the synergy between theoretical and empirical results on real-world problems, producing a comprehensive view of the state of the art in GP. Topics in this volume include: evolutionary constraints, relaxation of selection mechanisms, diversity preservation strategies, flexing fitness evaluation, evolution in dynamic environments, multi-objective and multi-modal selection, foundations of evolvability, evolvable and adaptive evolutionary operators, foundation of injecting expert knowledge in evolutionary search, analysis of problem difficulty and required GP algorithm complexity, foundations in running GP on the cloud – communication, cooperation, flexible implementation, and ensemble methods. Additional focal points for GP symbolic regression are: (1) The need to guarantee convergence to solutions in the function discovery mode; (2) Issues on model validation; (3) The need for model analysis workflows for insight generation based on generated GP solutions – model exploration, visualization, variable selection, dimensionality analysis; (4) Issues in combining different types of data. Readers will discover large-scale, real-world applications of GP to a variety of problem domains via in-depth presentations of the latest and most significant results.

From reader reviews:

David Eaton:

The book Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation) make one feel enjoy for your spare time. You can utilize to make your capable more increase. Book can to get your best friend when you getting strain or having big problem along with your subject. If you can make reading a book Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation) to be your habit, you can get more advantages, like add your own capable, increase your knowledge about several or all subjects. You may know everything if you like open and read a e-book Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation). Kinds of book are a lot of. It means that, science e-book or encyclopedia or other people. So , how do you think about this publication?

Maryann Carson:

Reading a book tends to be new life style with this era globalization. With looking at you can get a lot of information which will give you benefit in your life. With book everyone in this world may share their idea. Ebooks can also inspire a lot of people. Plenty of author can inspire their reader with their story as well as their experience. Not only the story that share in the books. But also they write about the data about something that you need case in point. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors on this planet always try to improve their talent in writing, they also doing some study before they write to their book. One of them is this Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation).

Jo Villegas:

You may spend your free time to read this book this publication. This Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation) is simple bringing you can read it in the park your car, in the beach, train as well as soon. If you did not possess much space to bring the particular printed book, you can buy often the e-book. It is make you much easier to read it. You can save the book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

Richard Lawrence:

Many people spending their time by playing outside using friends, fun activity together with family or just watching TV the entire day. You can have new activity to pay your whole day by looking at a book. Ugh, you think reading a book will surely hard because you have to accept the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Touch screen phone. Like Genetic Programming Theory and Practice XI (Genetic and Evolutionary Computation) which is obtaining the e-book version. So , try out this book? Let's find.
