The Sexless Marriage Fix, by doctors Robert Fleisher and Roberta Foss-Morgan, is the book that gets everyone talking about a problem no one is talking about: sexless marriage. Unfortunately, it's an intimate problem that is nearing epidemic proportions. But what many don't realize is that there are real solutions, and it all begins with a blood test! In this eye-opening book, the authors reveal:

• the true causes of the decline in the nature and frequency of sexual relations, including personal, behavioral, physical (including hormonal), psychological, or combined factors.

• an intimate and straightforward discussion on male and female sexuality, including a frank exploration of aspects related to a decline in attraction unique to each gender.

• how to work through virtually any problem with a comprehensive program designed to restore harmonious feelings and increase intimacy.
