Hesitating Beauty Joshua Lutz
Breaking down the structure of the photograph as truth and the book as narrative, Joshua Lutz's second monograph, HESITATING BEAUTY, it is an intimate portrait unlike other photographic models. Rethinking how photographs and text can function, Lutz blends family archives, interviews and letters with his own photographic practice seamlessly into a precious, fictitious experience of a life and family consumed by mental illness. Instead of showing us what it *looks* like, HESITATING BEAUTY is able to play with our own conceptions of reality to show us what it *feels* like.

Joshua Lutz: ""Holding on so tightly to what I believed was sanity and being consumed by fear of depression and schizophrenia prevented me from being fully present to my mother's reality. The past few years, as she slipped away from the aggressive paranoia and depression of my youth to an almost calming sense of delusion, made it much easier for me to rid the anger that veiled my life and attempt to find a place of empathy and compassion as I managed her care. In making this work and simultaneously falling deeper into her psychosis, I tried to imagine a time when the past, present, and future collided; a place where the weight of memory is heavier than reality.""
