Genesis One: God's Table of Contents to the Bible Melvin W. Elliott
Most Christians are familiar with the story of creation found in the book of Genesis. But have you ever considered God as a capable author who carefully designed the Bible, using Genesis chapter one as a table of contents which sets up the framework for the rest of the scriptures? Based on decades of research, Genesis One: God's Table of Contents to the Bible reveals this astonishing structure, taking into consideration not only the physical meaning of the words used within the Bible's first chapter, but also their spiritual implication. See these two realms actually relate! Prepare to see that God, the creator of the universe, who called himself light, who also defined the laws of science and physics, shows the principle of the refracting of light into its spectrum of color right in that very same opening chapter! Be among the first to be filled with amazement as this dazzling discovery sweeps the planet, challenging biblical scholars and scientists alike to finally agree that each have had pieces of this puzzle correct all along and to concede that the Bible supports the natural right along with the supernatural!
