Christina Aguilera Chloe Govan
Talks of an abusive, violent childhood at the hands of her father, a strict and sadistic soldier in the US Army, who made family life hell. Christina was taken out of school and home educated for a period after bullying from peers reached an all-time high. Tells of how her desperation to flee the violence - as well as a desire to save her mother, who was trapped in her marriage financially - drove Christina into childhood stardom. This book describes how she was first discovered, on TV talent shows and a starring role on The Mickey Mouse Club, which would eventually lead to a record deal and the first number one single of many.

Gives the inside story on how she rebelled against being a bubble-gum pop singer, parted ways with a controlling management, and made a comeback with a raunchy new contrioversial look. Reveals the death threats she received and the media backlash as she lost her reputation as America's good girl forever.

Tells the inside story on the making of each of Christina's albums as well as her marriage, motherhood and subsequent divorce. Coverage of the making of her seventh album Lotus and her stint on The Voice brings this book right up to date.
