Ron Dorson

The Indy 500: An American institution under fire Ron Dorson

This book is not so much about racing as it is about race people. These are the people who do the racing, or run the races, or go to races, or hang around racing, or make money from racing. They are generally lively people, sharp-edged, with-it. This is a book about the Indianapolis style of auto racing, and the story is told from the participant's point of view.
