The Crystal Cache (DyslexiAssist enabled) (Volume 1) Kathy Sattem Rygg
About the Book: Twelve-year-old Dylan Fisher is a treasure hunter, and the creek behind his house has plenty of it. He hits the jackpot when he finds a geocache containing a cool crystal rock, and he meets the new girl next door. Both seem special, but both have a secret. When a corrupt eco-company steals the crystal and puts his new friend in danger, Dylan finds himself in the middle of a rescue mission. Through geocaching, he must solve encrypted codes, secure the crystal, and protect the girl, but it means facing his fear of natural disasters and putting his own life at risk. **About DyslexiAssist:** DyslexiAssist is a unique font and layout that combine to make reading easier and more enjoyable for the many children who struggle with dyslexia. Every child deserves to know the joy and wonder that come from the magic of stories! It is our sincere hope and desire that our DyslexiAssist books will help accomplish that for you and your child. The DyslexiAssist font and layout make it easier for children's eyes and brain to see the individual letters of each word by making each letter look substantially different from each other, as well as by adding more spacing between letters, between words and between sentences.
