Kacper Kowalski

By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] Kacper Kowalski
Kacper Kowalski, a photographer best known for his highly aesthetic aerial photography, awarded twice with World Press Photo, finally releases his long-awaited and highly anticipated debut photobook. Up to this moment his photographs were accessible only via press and on view at photography exhibitions. The book's design allows a multidirectional way of viewing and presents a sky-high journey to the core of the complicated human-nature relationship. "What interest me the most are intersection points of society and nature - says Kowalski - it is where interesting things happen: disorder in harmony, emergence of new forms." The book cover itself is in a way an invitation to reflect on the "side effects" of human impact on the natural world. When touched the cover's heat-sensitive, color-changing ink disappears to reveal fragments of photographs hidden underneath. Images appear, only to disappear again after a short time (are they lost forever?). Edgar Bak created a simple and unembellished graphic design for the book. He managed to create an orientation system to guide the reader through the pages of the book - with occasional drawings and graphically presented geographic coordinates, which meticulously describe each photograph.

From reader reviews:

James Sanchez:

As people who live in typically the modest era should be upgrade about what going on or facts even knowledge to make these individuals keep up with the era and that is always change and progress. Some of you maybe will certainly update themselves by studying books. It is a good choice for yourself but the problems coming to an individual is you don't know what kind you should start with. This By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] is our recommendation so you keep up with the world. Why, because this book serves what you want and need in this era.

Scott Lowe:

Reading a book can be one of a lot of pastime that everyone in the world loves. Do you like reading book therefore. There are a lot of reasons why people enjoy it. First reading a guide will give you a lot of new information. When you read a reserve you will get new information because book is one of various ways to share the information as well as their idea. Second, looking at a book will make a person more imaginative. When you looking at a book especially fictional book the author will bring you to imagine the story how the figures do it anything. Third, you may share your knowledge to other individuals. When you read this By Kacper Kowalski Side Effects (1st First Edition) [Hardcover], you are able to tells your family, friends in addition to soon about yours reserve. Your knowledge can inspire different ones, make them reading a guide.

Charles Branch:

This By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] is great publication for you because the content which can be full of information for you who else always deal with world and still have to make decision every minute. This kind of book reveal it facts accurately using great plan word or we can point out no rambling sentences included. So if you are read the idea hurriedly you can have whole data in it. Doesn't mean it only provides straight forward sentences but tough core information with beautiful delivering sentences. Having By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] in your hand like keeping the world in your arm, data in it is not ridiculous one. We can say that no e-book that offer you world within ten or fifteen moment right but this reserve already do that. So , it is good reading book. Hi Mr. and Mrs. busy do you still doubt this?

Enola Hudson:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book seemed to be rare? Why so many query for the book? But any kind of people feel that they enjoy intended for reading. Some people likes reading through, not only science book but also novel and By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] or even others sources were given expertise for you. After you know how the great a book, you feel want to read more and more. Science reserve was created for teacher or maybe students especially. Those textbooks are helping them to increase their knowledge. In some other case,

beside science publication, any other book likes By Kacper Kowalski Side Effects (1st First Edition) [Hardcover] to make your spare time far more colorful. Many types of book like this one.
