The Further Fattening Adventures of Pudge, Girl Blimp Lee Marrs
Teenage runaway plumpie Pudge hitchhikes to San Francisco in the early 1970s with a dread secret: she is still a virgin. Desperate to solve her dilemma, she launches into the vibrant circus of urban life – street protests, self-help clinics, burglary, job hunting and midnight pizzas. Assisted by her guardian Martians and backed by her commune, she may have found her potential beau, a clueless police detective. Or maybe the delivery boy? There's that chakra-spouting political activist with rampant pimples? But what about her fellow consciousness-raising group member Jane, she with such warm knowledgeable hands…? A feminist journey fraught with angst and anchovies.
